Subject: Auburn Transit - Transit Shelter Purchase for the Sacramento St Bus Shelter Project

The Issue

Shall the Council authorization the purchase of a Transit Shelter for the Sacramento Street Bus Shelter Project?

Conclusion and Recommendation

Staff recommends that Council, BY RESOLUTION, authorize the Director of Public Works to purchase a Transit Shelter from Mark Pohley and Associates for the Sacramento Street Bus Shelter Project.

Background

On January 9, 2012 the City Council approved a funding agreement with Placer County Transportation Planning Agency (PCTPA) to fund the installation of a bus shelter and bench on Sacramento Street near the Sacramento St and Auburn Folsom Rd intersection with Transit System Safety Security & Disaster Response Account (TSSDRA) included in the Proposition 1B, the Highway Safety, Traffic Reduction, Air Quality and Port Security Bond Act approved by the California voters in November 2006 in the amount of \$10,045.

The Sacramento Street Bus Shelter Project will be partially completed by the selected vendor with the site preparation completed by the Public Works Crew. The vendor and the Public Works Crew will allocate the costs to the grant. The Public Works Department received 2 bids from qualified vendors; Marc Pohley & Associates and Capital Improvements. Staff has reviewed the proposals and the lowest responsive bidder was Mark Pohley & Associates at \$3,599.00.

Alternatives Available to Council; Implications of Alternatives

1. Proceed with Staff Recommendation
2. Do not proceed with staff recommendation

Fiscal Impact

The Sacramento Street Bus Shelter Project will be paid from the TSSDRA funds of \$8,356. The site preparation work, project management and the purchase of the transit shelter will be allocated to the grant.
